Korgi

POSTED: Tuesday, June 12, 2007

Korgi
Author: Christian Slade
Publisher Top Shelf Productions
ISBN-10: 1891830902
ISBN-13: 978-1891830907

Be prepared for something wonderfully different when you open Korgi. The lushly illustrated graphic novel is entirely silent but for the few words at the beginning. Each page is so rich and expressive that words aren't needed. Slade, a former Disney animator knows how to tell an evocative story that doesn't need words. This could be animated and work very well.

The story is about Ivy, a young Molly and her Korgi, a fox/dog like creature named Sprout. Ivy and Sprout venture out of their happy world and encounter dangers and adventures of all sorts. There's a huge troll, scary spiders who capture Ivy and Sprout in their webs and various ghoulish creatures. What shines through each page is Ivy and Sprout's complete devotion to each other. Through their adventure, they find abilities they didn't know they had as well as a deeper appreciation for home.

The illustrations are so gorgeous that I can't say enough about them. Each page works as a silent portion of a storyboard and each is filled with so much emotion and expression that they seem to come to life. Korgi is intricate, simple and completely wonderful. This is the first in an upcoming series and sure to be a raging success. I wonder how long it will take this one to get animated. It seems a natural for the medium. I'd certainly go see it. Korgi is highly recommended for any age. Lovers of animation and art should definitely snap this one up.

Book Description from the publisher:

Christian Slade, a former Disney animator and currently full-time freelance illustrator, has brought to Top Shelf a gorgeously illustrated woodland fantasy about a young girl named Ivy, her dog Sprout and their amazing adventures in Korgi Hollow. This amazing combination of adventure and fantasy will appeal to anyone who loves Andy Runton's Owly and Jeff Smith's Bone. Get ready for the launch of something very daring and very new!
